14. Whether AQAR was placed before statutory body ?	No				
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	No				
16. Whether institutional data submitted to AISHE:	Yes				
Year of Submission	2018				
Date of Submission	08-Mar-2018				
17. Does the Institution have Management Information System ?	Yes				
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	The Institution has a MIS on the campus for effective management of various services. Student records The student records like attendance, Internal Assessment records, University exam records, applications of University exam, are managed by MIS. Student communication module is used for this purpose of effective dissemination for information related to various activities. Apart from the social media like whatsapp groups, bulk sms system is also used. Admission process is carried out using software like CMS other online resources provided by Chhatrapati Shivaji University is also used. Government of Maharashtra is provided with the help of online				

software like MAha DBT, e scholarship freeship etc. The college library has Biyanis software for management of different information related to books journals etc.

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

institution has the mechanism for curriculum transaction and documentation syllabus prepared by the experts at university level. our faculty members contributed in preparing the b.ed syllabus of two year. we prepare annual calendar which includes all the curricular activities given in b.ed syllabus apart from that also prepare a plan of action which includes the curricular, extra curricular and other activities.all the faculty members prepare annual plan of their teaching subjects periodical staff meeting and meeting of IQAC help in taking review of curriculum transaction time to time.we have to set of time table prepare during the academic year to implement various practical and theory parts smoothly .different modes and methods are regularly use by the faculties in curriculum transaction. at the end of the academic year we collect feedback from the students about the curriculum and its transaction on the basis of the feedback results we send to the to the university our suggestions.

1.1.2 - Certificate/ Diploma Courses introduced during the academic year

Certificate	Diploma Courses	Dates of Introduction	Duration	Focus on employ ability/entreprene urship	Skill Development

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Whole administration of the college is decentralized. All the activities of the institution are conducted with great transparency. The institution recognizes the abilities of its faculty and believes in decentralization of tasks. Following are the two practices of decentralization and participative management of the institution. 1. The Management of the institution i.e., Sangli Shikshan sanstha is the overall in charge and looks after the functioning of the institution. The Principal leads the institution towards its goals, by planning the activities of the institution, forming committees, gives powers to the committees to work freely. The principal communicates all significant information to all the stakeholders and maintains records of all the functions of the institution. Decisions about the budget, maintaining the accounts of all expenditure and preparing the audit report annually with the help of the accountant and the administrative staff is also accomplished by the Principal .For purchasing of books and other equipment we have a separate purchasing committee which decides and give final decision about the purchasing. The principal communicates all the GRs and other notices/information received by the Government, UGC., Director of Higher Education, university etc. immediately. 2. The Faculty members enjoy considerable autonomy in carrying out the academic activities. There are various committees formed by the principal for smooth transaction of academic activities in which faculties are included as the secretary and the members. These committees' works independently under the guidance of the Principal to plan and execute the different curricular activities. Four cultural groups of the students under the guidance of a mentor teacher are given freedom to organize co-curricular and extracurricular activities. The faculty in charge of each committee has to submit to the Principal a term wise written report of the academic and non-academic activities conducted. On the basis of these reports the institution makes necessary corrective measures if needed, for the future activities

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the ins	stitution for each of the following (with in 100 words each):
Strategy Type	Details
Curriculum Development	As two year Bed curriculum started from 2015-16 all the faculty members put their contribution for curriculum development
Teaching and Learning	Teaching learning was tried to be made innovative and comprehensive by using various teaching learning methods, approaches, and strategies as think pair share, brain storming, discussion, seminar. students were provided innovative assignments, tutorials and learning environment. Guest lectures on various curricular, cocurricular and extra -curricular aspects of curriculum.
Examination and Evaluation	Evaluation of Theory and practicum aspects of syllabus was done according to the norms provided by university. For that tutorials, assignments, internal examinations, viva voce were conducted. Lesson observations by peer, teacher educator and related school teachers, annual lessons observations were done.
Research and Development	Our institution management and principal continuously motivated faculty for the research work. For the purpose faculty was given leave for attending seminars, conferences. Our faculty tried their best by writing various research papers and research articles.
Library, ICT and Physical Infrastructure / Instrumentation	Library provides all types of facilities as book bank, reading room for students and staff, wifie facility magazines ect. Our collage has all types of physical facilities as classrooms, method rooms big auditorium, separate ladies, and gents' toilets etc. Every now and then our management help us for the renovation of physical facilities.
Human Resource Management	our management and principal continuously strive to help faculty for their development by allowing them to participate in faculty development program, seminars, conferences, and orientation programs.
Admission of Students	Our college formed admission committee that took responsibility of admission process, it was observed that admission process was going with the

6.2.2 – Implementation of e-governance in areas of operations:

E-governace area	Details
Planning and Development	As two year Bed curriculum starter from 2015-16 all the faculty member put their contribution for curriculur development by enriching and enhancing it . Our university already developed curriculum with the help of BOS for t year bed course. our faculty put the contribution by enriching it and enhancing it by aligning it with university curriculum. In this proce feedback of various stakeholders as students, parents and society.
Administration	Administration of our institution transparent and mostly use electroni media. All the communication with university ,NCTE and AISH .All the notices by the authority are sent vi social media as whatsapp and email. Communication with university have be doing by using mail id provided by university i.e.ed195.cl@unishivaji.ac.in.
Student Admission and Support	Whole admission process is online .admissions of the students were dor by the government of Maharashtra through CET Cell. students registrati and eligibility done online by the university.students documents were verified online.the collge uploads a the information given by the ARA even time
Finance and Accounts	All the records of financial transactions are done electronically and stored in the computers. all type of accounts of the college are maintained by computers.

6.3 – Faculty Empowerment Strategies

an efficient waste management system on campus. This includes separate bins for recycling and composting, encouraging students and staff to properly dispose of their waste. Regular awareness campaigns and workshops are conducted to educate everyone about the importance of waste segregation and responsible waste disposal. Water Conservation: The college has taken steps to conserve water by installing low-flow faucets and toilets in all campus buildings. Rainwater harvesting techniques have also been implemented to capture and store rainwater, which is then used for irrigation purposes and maintaining the college gardens. Green Initiatives: The institution has initiated various green practices, such as promoting the use of reusable water bottles and encouraging students to bring their own bags to reduce plastic waste. They have also introduced a paperless approach by digitizing administrative processes and encouraging online submissions of assignments and documents. Eco-friendly Transportation: The college actively promotes eco-friendly transportation methods by encouraging students and staff to carpool, use bicycles, or utilize public transportation. Dedicated bicycle parking areas and shelters have been set up on campus, making it convenient for students and staff to cycle to the college. Tree Plantation Drives: To enhance the green cover on campus, the college organizes regular tree plantation drives. Students and staff actively participate in planting and nurturing trees, creating a more sustainable environment. These trees not only contribute to cleaner air but also provide shade, reducing the need for excessive cooling and energy consumption in buildings.

7.2 – Best Practices

7.2.1 - Describe at least two institutional best practices

Best practices 1) title of best practices Book bank and learning resources Title: Institutional Best Practices for Late B.G. Kharade College of Education, Kolhapur Title of Best Practices Book Bank and Learning Resources: Promoting Access to Education through Extensive Learning Resources. 2) Context that required initiation of the practice: Late B.G. Kharade College of Education recognized the need to enhance students access to comprehensive learning resources beyond the traditional classroom setting. The lack of adequate study materials and books was hindering students academic growth and limiting their learning opportunities. 3)Objective of the practice: The objective of implementing the Best Practices Book Bank and Learning Resources initiative was to provide students with easy access to a wide range of learning materials, including textbooks, reference books, e-books, journals, and other resources. By offering an extensive collection of educational materials, the college aimed to enrich students learning experiences and foster academic excellence. 4) The practice: a) Book Bank: The college established a well-equipped book bank on its premises. It acquired a diverse collection of books covering various subjects and academic disciplines, catering to the needs of different courses and curricula. Students could borrow books from the book bank for a specific duration, allowing them to study and refer to relevant materials outside of regular classroom hours. b) Digital Learning Resources: In addition to the physical book bank, the college developed a digital platform or online library to offer e-books, research papers, academic journals, and other electronic resources. This digital repository was accessible to students and faculty members, providing them with convenient access to a wealth of information anytime and anywhere. 5)Obstacles faced, if any, and strategies adopted to overcome them: a) Resource Acquisition: The college faced challenges in procuring a diverse collection of books and learning resources due to budget constraints. To overcome this, the college actively sought donations from alumni, local organizations, and philanthropists. Additionally, it collaborated with publishers and libraries to secure discounted rates or sponsorships for acquiring the required resources. b) Infrastructure and Technology:

Establishing a digital library required adequate technological infrastructure and internet connectivity. The college invested in upgrading its network infrastructure and providing access to computers or devices for students to access digital resources. The IT department was responsible for maintaining the digital platform and troubleshooting any technical issues. 6)Impact of the practice: The Best Practices Book Bank and Learning Resources initiative had several positive impacts: Improved Access to Resources: Students had access to a wide range of books and digital resources, allowing them to explore diverse subjects and deepen their understanding of course materials. Enhanced Learning Outcomes: The availability of comprehensive learning resources facilitated selfstudy, research, and preparation for examinations, resulting in improved academic performance. Promoted Research and Critical Thinking: Students and faculty members were able to access scholarly articles, research papers, and journals, fostering a culture of research and critical thinking within the institution. Empowered Students: The initiative empowered students to take ownership of their learning by providing them with the necessary tools and resources to pursue independent study and intellectual growth. 7)Resources Required: a) Physical Book Bank: Shelving units, book acquisition budget, library management software, librarian. b) Digital Learning Resources: Computers or devices, internet connectivity, digital library software, IT support staff. 8)Contact Person for Further Details: For further details on the Best Practices Book Bank and Learning Resources initiative, please contact: Name: [Contact Persons Name] Position: [Contact Persons Position] Email: [Contact Persons Email] Phone: [Contact Persons Phone Number] Best practices 2017-2018 new file part-2 2) Best practices title - classroom management skills Best practices 1)Title: Effective Classroom Management Skills Context: 2) The context that required the initiation of effective classroom management practices at Late B.G. Kharade College of Education, Kolhapur, was the need to create a conducive learning environment for students and promote their academic and personal growth. The college recognized the importance of implementing strategies to manage student behavior, maximize instructional time, and establish positive relationships within the classroom. 3)Objective: The objective of implementing effective classroom management practices was to enhance student engagement, improve academic achievement, and foster a supportive and respectful learning environment. The goal was to create an atmosphere where both students and teachers could thrive. 4)Practice: The practice involved a comprehensive approach to classroom management, which included the following components: Establishing clear expectations: Teachers communicated and reinforced behavioral expectations, academic goals, and rules to students at the beginning of the school year or semester. Building positive relationships: Teachers fostered positive relationships with students by showing genuine care, respect, and interest in their well-being and academic progress. Providing structured routines: Consistent and structured routines were established for various classroom activities, such as transitions, starting and ending lessons, and managing materials. Using effective instructional strategies: Teachers utilized engaging and differentiated instructional strategies to maintain student interest and cater to diverse learning needs. Implementing behavior management techniques: Proactive strategies, such as positive reinforcement, logical consequences, and individual behavior plans, were used to address challenging behaviors. Encouraging student participation: Opportunities for student participation, collaboration, and active learning were incorporated into lessons to promote student engagement and ownership of learning. 5)Obstacles Faced and Strategies Adopted: Some potential obstacles that could be encountered during the implementation of these practices may include student resistance, lack of parental involvement, or insufficient support from the administration. To overcome these obstacles, the college implemented the following strategies: Professional development: Teachers received training and professional

development sessions on effective classroom management techniques, empowering them with the necessary skills and strategies. Parental engagement: Efforts were made to involve parents in the education process through regular communication, parent-teacher meetings, and workshops on promoting positive behavior at home. Collaborative approach: The college fostered a collaborative culture where teachers shared best practices, collaborated with colleagues, and sought support from mentors or instructional leaders when faced with challenges. 6) Impact: The implementation of effective classroom management practices resulted in several positive impacts, including: Improved student behavior and reduced disciplinary issues. Enhanced student engagement and active participation in the learning process. Increased academic achievement and progress. Creation of a positive and supportive learning environment, leading to improved student well-being and overall satisfaction. 7)Resources Required: The resources required to implement these best practices include: Training and professional development workshops for teachers. Access to research-based strategies and instructional resources. Collaboration platforms or forums for sharing best practices. Parental involvement programs and communication channels.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Teaching Philosophy and Approach: Late B.G. Kharade College of Education in Kolhapur has established a strong reputation for its unique teaching philosophy and approach to education. The institution has prioritized innovative teaching methods, experiential learning opportunities, a focus on hands-on training, and the integration of technology into the classroom. These distinctive features align with the colleges vision and mission to provide high-quality education and develop competent and skilled educators. One of the key aspects that sets the institution apart is its emphasis on innovative teaching methods. The college believes in exploring and implementing new and creative approaches to teaching and learning. Faculty members are encouraged to experiment with different instructional strategies and techniques that engage students and enhance their learning experience. This focus on innovation not only keeps the teaching faculty motivated and enthusiastic but also creates a dynamic learning environment for the students. Experiential learning opportunities play a crucial role in the colleges approach to education. The institution firmly believes in the power of learning by doing and strives to provide students with practical and real-world experiences. Through field visits, internships, and community engagement programs, students are exposed to the practical aspects of their subject matter and develop a deeper understanding of their future roles as educators. This hands-on training approach enables students to apply theoretical knowledge in practical settings, fostering a well-rounded educational experience. The college also recognizes the importance of incorporating technology into the classroom. It understands that technology is an integral part of the modern educational landscape and prepares students for the digital age. The institution provides access to state-of-the-art computer labs, e-learning resources, and multimedia tools that enable interactive and engaging teaching and learning experiences. Faculty members are trained to effectively utilize technology in their teaching methods, creating a tech-savvy and digitally competent learning environment. In terms of the performance of the institution in these areas, Late B.G. Kharade College of Education has achieved commendable results. The innovative teaching methods employed by the

faculty have resulted in improved student engagement and active participation in the learning process. Students have reported enhanced comprehension and retention of subject matter, indicating the effectiveness of these methods. Experiential learning opportunities have proven to be highly beneficial for students. Through field visits to schools and educational institutions, students gain practical insights into the teaching profession, develop essential skills, and build professional networks. The college has received positive feedback from partner schools and organizations, commending the competence and preparedness of its students. The integration of technology into the classroom has also yielded positive outcomes. Students are exposed to various educational technologies and digital resources, enabling them to become technologically adept educators. The use of multimedia tools and interactive platforms has enhanced student engagement and facilitated a more immersive learning experience. Late B.G. Kharade College of Educations commitment to its teaching philosophy and approach has been validated through consistently high student satisfaction rates, positive feedback from the educational community, and successful placements of its graduates. The institutions vision, priority, and thrust on innovative teaching methods, experiential learning, hands-on training, and technology integration have positioned it as a leading institution in the field of education in Kolhapur and beyond.
